CONCERNS OF THE DISTRICT

Order Issued for a Census of the District to Be Taken by the Police.

CHIEF FARRIS TO THE PUBLIC

Sealed Proposals for Public Improvements Opened Yesterday—The Building Inspection—Conference to Be Held Over Police Relief Fund—Commission Revoked.

The Commissioners yesterday promulgated an order that will be carried into effect early next month for the taking of a police census of the District.

It is known that there is a large increase in the population, and the Commissioners believe that Congress should be furnished with the actual figures in order that they give them consideration when passing upon District matters.

According to the latest present reliable data the population of the District is placed at 300,000. The figures given by the police at the census taken in June, 1892, were 228,431, and that was when many of the residents of the two cities and suburbs were away on vacation.

Chief Farris, of the fire department, yesterday furnished each of the daily papers with a copy of the following letter, which is self-explanatory:

"It becomes my very pleasant duty to express through the press the thanks of the entire membership of the fire department to the citizens of Washington and vicinity who have so willingly signed the petition of the firemen to be presented to the Congress of the United States at its next session asking for an increase of 25 per cent. on their present pay."

"One half of our increase, it is understood, is to go towards establishing a pension fund for the benefit of the members of the department who become disabled after years of faithful service, and the widows and orphans of some who are unfortunate enough to lose their lives in their endeavor to save the lives of their fellow-beings, and to guard and protect the property of the public."

The Commissioners yesterday opened sealed proposals for the construction of fireproof stairways, after the plans prepared at the office of the building inspector, in the Curtis, Abbott and Seaton public school buildings. The bids were: William Rothwell, \$5,438; George White & Sons, \$7,190; Charles White & Co., \$7,749; Brigham & Lowe, \$5,439; Pettit & Dripps, \$5,014.50.

Bids were opened also for fire and street hydrants, early delivery.

District Auditor Perry and Chief Clerk Sylvester will be given a hearing on Monday by the Commissioners relative to the police relief fund. The fund is getting smaller by degrees and is in a very precarious position. It is understood that steps to be taken to give it substantial and speedy increase, it is probable that ways and means will be discussed on Monday.

There are no new developments in the contest for the building inspectorship. Letters were received yesterday favoring Mr. Healy and Mr. Thomas J. King, respectively, and it is understood that the friends of all the candidates are dropping in upon the Commissioners at odd times to say a good word for their favorites.

The commission of James O'Day as additional private of the Metropolitan police force has been revoked.

Permits were issued yesterday as follows: To Ellen J. Newton, dwelling, at 1126 H street northeast, \$700; B. B. Conneek, dwelling, High street and Maple avenue, Anacostia, \$2,000; J. A. Barre, repairs to dwelling, 1216 U street northwest, \$2,500.

BUSINESS ANNIVERSARY.

Mr. M. Kaufman Celebrated the Anniversary With an Elegant Reception.

On Thursday evening last Mr. M. Kaufman, proprietor of the clothing establishment at 901 Eighth street southeast, celebrated his silver business wedding. The celebration included a reception at the store from 7:30 p. m. until 10 p. m. Both floors of the store were decorated with flowers in tasteful proportion by Gude & Bro., and with souvenirs brought by "wedding guests" from New York, Philadelphia, Baltimore, and Troy.

The floral decorations were disposed in the front windows, on the counters, and on the shelves on both floors. The stairway leading to and the ascending opening of the second story were made beautiful with palms, rubber trees, and ferns, interspersed with chrysanthemums. Mr. Gude, the florist, declared that he had never made or seen a floral exhibit so erected before. The salemen, in full evening dress, and ranged on both sides of the entrance, contributed in no small way to making the visitors feel at ease.

The display of elegant high-grade clothing carefully disposed about the numerous counters were striking examples of the perfection which ready-to-wear clothing has attained. The whole establishment, from top to bottom, was brilliantly illuminated, the scene from without and within being one of rare magnificence. For two hours and a half the store was crowded with callers who conveyed in happy and enthusiastic terms their congratulations to the proprietor. The guests registered their names, and to each of them was mailed on Friday morning a pretty souvenir, with the compliments of Mr. Kaufman.

There was, of course, music to further enliven the festivities, the orchestra, stationed on the balcony overlooking the archway, being almost hidden beneath the profusion of palms and ferns. Each of the ladies entering received a handsome floral memento, valued 1,000 bouquets being distributed. Many were the expressions of delight from the ladies upon visiting the store, the gay coloring of the flowers and plants winning enthusiastic comments from every one.

The store windows were another source of attraction, filled with the most beautiful specimens of high art clothing, white hats and there were placed potted plants, making a picture well worth seeing.

As the reception drew to a close Mr. Kaufman surprised his employees and friends by inviting them to his residence, on D street southeast, where a handsome collation was served.

The worthy proprietor has thus entered upon the twenty-fifth year of a most prosperous business career with the good wishes and sincere regards of thousands of people in Washington and of many friends in other cities for his continuous success at the old stand.

ANACOSTIA NEWS.

Messrs. Minor and Elliott have sold their mill property in Hillside to John R. Garrison, of Georgetown, for \$3,000, including part of lot 3 in section 9 of Barry Farm.

Mr. William B. Dorsey is suffering from nervous prostration, the result of a last summer's sunstroke.

Miss Millie Peck, who has been suffering with a throat affection, is better.

There is some grumbling at the discontinuance of transfers on the Anacostia Street Railway at Eleventh and M streets southeast.

Mr. George Frederick has complained to the police that the north wall of No. 10 Monroe street is unsafe.

Beginning with Monday night, the Epworth League Chapter of the Anacostia M. E. Church will celebrate a week of prayer. Special services will be held at the church every evening except Saturday.

Jack Frost Frightened Off. The predictions of the Weather Bureau yesterday of a radical change in temperature were not realized in Washington. There was a cold wave promised, but it was afterward converted into a "moderately" cold visitation. It was expected that the weather would be colder today and warmer to-morrow.
